

# Don Williams, Don't You Believe

CHORUS:

Don't you believe I've tried long enough  
Don't you just believe it's time  
Don't you believe I've gone far enough  
Don't you just believe it's time  
Lord knows I've tried just to keep you off my mind  
But it's no use, nothing works  
You just stay with me all the time

All I do is follow you, reaching for you with my mind  
Your sweet love is all I need,  
And I think you've known it all the time
