

# Don Williams, Easy Touch

(Rory Bourke - Tommy Rocco - Charlie Black)

I'm an easy touch, she knows it, everybody does  
I just can't say no, she calls, I go  
And I would bring her the world on a silver platter  
Oh, but things like that don't matter.  
All she wants is all my love  
And for that I'm an easy touch.

I'm an easy touch  
I love her she don't know how much  
I just can't resist, she wants, she gets  
And I would gladly pay any price to be with her  
Oh, there's nothing I wouldn't give her  
All she wants is all my love  
And for that, I'm an easy touch.

I just love to hear her say  
Honey, there's something I need today  
It's so sure a sign  
That love is on the way.

--- Instrumental ---

And I would gladly pay any price to be with her  
Oh, there's nothing I wouldn't give her  
All she wants is all my love  
And for that, I'm an easy touch.

--- Instrumental to fade ---
