

# Don Williams, Falling In Love Again

Love be gentle, love be kind  
As I give this heart of mine  
To a new love I hope will never end.  
It seems like only yesterday  
Love was here and went away  
Out of love again but now I'm falling in.

Chorus:  
Fallin' in, love again  
I'd fallen out but there's no doubt  
I'm fallin' in, love again.

--- Instrumental ---

I know that love won't always last  
When you fall in love to fast.  
I should know better  
But here I go again.

Love be strong, love be true  
For what else can I do.  
Love is calling and I know  
I'm fallin' in.

Chorus:  
Fallin' in, love again  
I'd fallen out but there's no doubt  
I'm fallin' in, love again.

Chorus:  
Fallin' in, love again  
I'd fallen out but there's no doubt  
I'm fallin' in, love again...
