

# Don Williams, I Want You Back Again

Well I don't know how it happened  
Must have been something I said  
We had some words, she said some things  
I guess I must have lost my head

It's been a week since I left her  
And I can't go on this way  
I'll call her up and swallow my pride  
When she says hello I'll say

I .. want you back again  
Oooohhhh what a fool I've been  
I.. won't do that again  
My tears won't stop and my heart won't mend  
I want you back again

--- Instrumental ---

So I gather up all of my courage  
And I found my last dime  
I need it so , but God only knows  
If we can make up this time

I tremble as I dial her number  
Ohh I hope I'm not to late  
I say it's me, and I hold my breath  
And softly I hear her say

I .. want you back again  
Oooohhhh what a fool I've been  
I.. won't do that again  
My tears won't stop and my heart won't mend  
I want you back again...
