

Don Williams, If You Love Won't You Love Like Y

IF YOU LOVE WON'T YOU LOVE LIKE YOU LOVE ME
WRITERS BOB McDILL, BUCKY JONES

If you love me, won't you love me like you love me
If you want me, won't you touch me like you want me
Oh baby just hold me tight
I need to know that you mean it tonight
If you love me, won't you love me like you love me

The night's still and warm.
We lie alone in the dark, I light a cigarette, watch your silhouette next to me
Not a word is said
But a million things go through my head
And I wonder why our love's not like it used to be
Somethin' tells me I'm losing you
But oh baby don't let it be true

(bridge)
If you love me, won't you love me like you love me
If you want me, won't you touch me like you want me
Oh baby just hold me tight
I need to know that you mean it tonight
If you love me, won't you love me like you love me

So I reach out to you
You come to me like you used to
But something's changed
It don't feel the same anymore
Oh show me we're not through
Oh baby I'm begging you
(repeat bridge)
