

# Don Williams, In The Mornin'

When the sun comes up  
And it's time to get up in the mornin'  
Will you think of me  
And how it oughta be in the mornin'  
Well, I don't know why  
You could say goodbye  
And I can't see how you could be  
Anywhere but here with me  
In the mornin'.

Where was I  
When you made your move to go away  
Where was I  
I didn't hear the things I've always heard  
Or always said.

--- Instrumental ---

Well, it's no lie  
I never thought about it, not a day  
And I'll tell you why  
I really thought we always tried to say  
What should be said.

When the sun comes up  
And it's time to get up in the mornin'  
Will you think of me  
And how it oughta be in the mornin'  
Well, I don't know why  
You could say goodbye  
And I can't see how you could be  
Anywhere but here with me  
In the mornin'...
