

# Don Williams, Say It Again

Oh all I needed, was one look  
One magic moment, was all it took  
From that moment, I loved you so  
Now that I've found you I'm never going to let you go  
So come on say it, say it again  
It sounds so good, say it one more time and then  
If you mean it say it again  
The hard part's over and the loving part begins  
Oh hold me closer, make me warm  
I feel wanted here in your arms  
I've been lonely for too long  
I've waited a life time for you to come along  
So come on say it, say it again  
It sounds so good, say it one more time and then  
If you mean it say it again  
The hard part's over and the loving part begins  
Come on say it, say it again  
It sounds so good, say it one more time and then  
If you mean it say it again  
The hard part's over and the loving part begins
