

Don Williams, Years From Now

Years from now, I'll want you years from now
I'll hold you years from now as I hold you tonight
You are my one true friend always my one true friend
And I'll love you till life's end, as I love you tonight
I know this world that we live in can be hard now and then
And it will be again, many times we've been down
Still love has kept us together for the flame never dies
When I look in your eyes the future I see
Holding you years from now
Wanting you years from now
Loving you years from now
As I love you tonight
