

Donell Jones, Don't Cry

chorus

Don't cry, dry your eyes
I wanna be by your side
Whenever you need me (whenever you need me)
Don't cry, dry your eyes (girl don't you cry)
I wanna be by your side
Whenever you need me (don't have to cry)

It's really hurting me, the way you feel
Cause I wanna see you happy
When you feel the need to call on me
I'll be by your side
You'll never have to cry

Repeat chorus

Let me be the one to make the pain fade away
Cause I know you're hurting inside (don't)
You need someone you can trust
I'll be by your side
you'll never have to cry

You don't have to cry no more
I'll be right by your side
Whenever you need someone to give you love
Don't have to worry any more
I'll keep you satisfied (keep you sad and don't cry)

Repeat chorus

You don't cry (you don't cry)
Hurts me when I see you cry
Don't cry
Just wanna be there for you when you need me
(just wanna be there for you when you need me)
Don't cry
You know I'd never do you wrong
(you know I'd never do you wrong)
You're the only one I want
Don't cry, yeah
Don't you cry, please don't

Repeat chorus 2x

Whenever you need someone to hold you tight
Call on me, I wanna be by your side
Whenever you need me, Don't cry
Whenever you need someone to hold you tight
Call on me, I wanna be by your side
Whenever you need me
You never need to cry

Repeat chorus and fade
