

# Donell Jones, It's Alright

(Verse 1)

Let the telephone ring  
It's about to get physical  
It's just you and me on a late night creep  
Plan on making ou moan  
But first let's get the mood right  
I got the '76 Don Perignon  
And a dime bag of smoke so let's get it on

(Chorus)

It's OK, it's alright  
We're gonna do it tonight  
Don't you worry 'bout a thing  
It's OK, it's alright  
We're gonna do it tonight

(Verse 2)

Get the bath water ready  
It's about to get kinky  
I imagine that body so soft  
I won't know 'til you take your clothes off  
Don't you be afraid  
I wanna be you sex slave  
Give you some lovin', kissin', and huggin'  
You won't akd for nothin'

(Chorus)

(Bridge)

Whatever we do ain't leavin' here  
I got a million ways to love you  
I'll be gentle so there's no need to fear  
So come over here  
I've been waiting for this for so long  
Seems like I can't hold back this feeling  
I'm on a mission to make you moan  
So come, come on, come on

(Chorus)
