

# Donell Jones, My Heart

chorus: why you wanna play around with my heart  
you make me feel like you care  
why you wanna play around with my heart  
my love was there I thought that you cared.

verse 1: Until that day you turned and walked away  
your love was special to me, my heart has fallen apart and I know  
that you're the one to blame  
you said the love would never change  
then you go out and play

repeat chorus x1

verse 2: I never knew you could get me through  
all the pain that I feel, yeah  
saying sorry won't make it right  
because it will never be the same  
you're the one to blame  
tell me why,  
tell me why you're living a lie  
you never really loved me, baby  
and now my heart is falling apart  
you should have told me from the start that you would break my heart

repeat chorus to fade.
