

Donell Jones, No Interruptions

[Chorus]

You know what I want (ooohh)
You know what I need
Come on and do me right, tonight
You know what I want
You know what I need
Come on and do me right, tonight

[Verse]

Lay your body down
Let me take control of you
Do the thing that lovers do, tonight
You better be prepared to stay
Cuz you ain't leavin' till the next day
It's gonna be non-stop lovin' all night
I'll make you feel all right

[Chorus]

[Bridge]

You know what I wanna do tonight, work your body inside
I don't want no interruptions
(Baby there'll be no interruptions, oh yeah)
You know what I wanna do tonight, work your body inside
(You You You know...)
I don't want no interruptions
(I wanna make you feel real good, baby, inside, baby, inside)

[Verse 2]

Baby, don't be scared
Let me kiss your body everywhere
Pleasure is the thang I wanna give you to you
Close your eyes and get ready
It's gonna be non-stop lovin' all night
I'll make you feel all right

[Bridge]

[Chorus]

[Interlude - Instrumental]

[Chorus/Fade Out]
