

# Donkey Punch, Left Behind

It seems your life is changing  
Constantly rearranging  
And nothing stays quite the same  
Remember how things used to be  
Were you so different than me  
Now I've got nothing to say  
You're not the first you're not the last  
Who's been stranded in the past  
Don't look up don't look back  
Caught up on the narrow track  
And everything is fine  
You're no more friend of mine  
It seems so natural  
That you'd be left behind  
Don't know what you're looking for  
Don't know just what you might find  
This time I had to go  
And you've been left behind  
Can't say where you went wrong  
Can't say what happened to your mind  
It seems I used to have a friend  
Could this be where it's gonna end  
Take a look now can't you see  
How different you've become from me  
And what will we say?  
Fuck you I'm going away
