

Donna Cruz, Wish

There's a star in the sky tonight
and it trembles like my heart
And in this world, we're all alone tonight,
so close and yet so far.

My heart would never lie
I can feel you want me too (I can feel you want me too)
And if that star should fall,
then baby, here's what we should do

Wish, take me by the hand and wish
Hold your breath and we may find
it might come true on this starry, starry night

Wish, look into my eyes and wish
Reach out for that dream it's there
for me and you and we might fall in love again.

Mayroong (mayroong) kaba sa 'king dibdib
ito nga kaya'y pag-ibig?
Huwag mo nang labanan pa
Tunay mong damdamin

'Di na maitatagong
Ikaw ay mahal ko rin (ikaw ay mahal ko rin)
Kung panaginip man, sana ay huwag nang magising

Wish...Sana bawat bukas ay
lagi kong kasama ang pag-ibig mo--Dito sa puso ko
Wish...Sana bawat sandali
ay maging walang hanggan
Mahal kita hanggang kailanpaman
