

# Donna Fargo, Rotten Little Song

Sing a la la de de and a la la de do  
I just made up this rotten little song for me and you

Today I wrote a rotten melody and the words are just as bad as you can see  
But if you want to sing along with this rotten little song  
You're as welcome as the flowers in the spring  
Just sing a la la for you and a de de for me  
And you put 'em both together get a la la de  
Sing a la la de de and add a little do  
And we'll both sing this rotten little song for me and you

All in all it has been a rotten day and I wouldn't have it any other way  
And I won't try to analyze all the if's and but's and why's  
Cause I know that it will soon go away  
Just sing a la la for you...  
Sing a la la for you...  
Sing a la la for you...  
Sing a la la for you...
