

# Donna Fargo, What Will The New Year Bring?

This past year was good to us the one before just a little rough  
The one before that was an awful thing what will the new year bring  
Will it bring us a little boy to fill our lives with love and joy  
We've had our share of growing pains what will the new year bring  
You're still one and one makes two now one and one make one  
I hope you will love me throughout the year to come

We've made our mistakes with love we learned that it can't promise us  
Tomorrow and forever things what will the new year bring  
Wish I hadn't read our horoscope things look stormy for Scorpios  
Virgo's posed to sprout their wings what will the new year bring  
Will you want me to love you the way you know I do  
And will you walk through life with me another year or two  
Or three or four or five or six hundred years or more  
Happy New Year darling for whatever is in store
