

# Donna Lewis, Heaven Sent You

Loving spirit  
loving me  
love in silence  
loving me  
the sweetest sound of love  
the sweetest murmur of motion  
go where you will  
angel of the kiss

Heaven sent you to me  
Heaven sent you to me

Blue birds  
the sky light up  
heart felt  
a little fire fly light  
and you will be  
something special  
you are the key to everything  
you renewed me  
you blessed me

Heaven sent you to me  
Heaven sent you to me
