

# Donna Summer, You're So Beautiful

You're so beautiful  
You're so, so magical  
You're so far beyond irresistible  
Make me feel so invincible  
You're so beautiful  
So, so darn mystical  
My heart feels so unbreakable  
You're the lover that I've always dreamed of

Always dreamed of, always dreamed of...  
You're so, you're so, you're so...

Seduced me, baby  
You looked at me with that look in your eye  
Reminiscing of a perfect angel  
Completely took me by surprise

You know what I needed  
So strong and yet so frail  
Without a single word you called me  
And all the walls came falling down

Chorus

Always dreamed of, always dreamed of...

And you shared your feelings  
In these hidden letters  
That you slipped in my pocket 'cause you're  
Just too shy to say

Let me assure you, baby, that I feel the same way you do  
Guaranteed I'll stay with you forever  
Oh, babe

Chorus

Always dreamed of, always dreamed of...

Tell me you want me, babe  
Tell me you need me, baby  
I really need to hear from you  
Let me know that everything is true  
Tell me that you wanna have me

That you really can't live without me  
And, baby, you can have your way  
I just wanna hear you say

Ay-ay-ay  
Ooh-ooh-ooh-ooh...

Oh, you're so beautiful

You're so beautiful (so beautiful)  
So, so magical (ooh)  
So far beyond irresistible  
You make me feel so invincible

You're so beautiful (so)  
So, so darn mystical (oh, mystical)  
And my heart feels so unbreakable  
You're the lover that I've always dreamed of

Always dreamed of

You're so beautiful (so beautiful)  
Oh, so beautiful  
(So far beyond irresistible)  
You're so beautiful  
Make me feel so invincible

You're so beautiful  
You're so, so darn mystical (oh, mystical)  
My heart feels so unbreakable  
You're the lover that I've always dreamed of

You're so beautiful  
Oh, so beautiful  
You're so beautiful  
Make me feel so invincible

You're so beautiful  
Oh, so beautiful  
You're so beautiful  
You're the lover that I've always dreamed of

Always dreamed of, always dreamed of...
