

Donnie Iris, Together Alone

Because of our ties
We can't show each other how we feel tonight
So we'll go home
We'll each pour a glass of white
And we'll face the night

Together alone
Together alone
All we can be is
Together alone
Together alone
Together alone
We'll face the night
Together alone

There's a bright star out tonight
And I hope you see it too
From your bedroom window
If you do, look upon it and think of me
And I will think of you
And we'll drift off to sleep, baby
Together alone

Girl, do you believe in destiny?
I do believe that we're meant to be together
Oh girl, don't you see
That we will never be
Take a good look at me, baby
And these chains holding me

Together alone
We'll get through the night

We'll each pour a glass of white
And try to face the night
Together alone
