

# Donny Osmond, Crazy Horses

There's a message floatin' in the air  
Come from crazy horses riding everywhere  
It's a warning it's in every tongue  
Got to stop them crazy horses on the run  
What a show there they go smokin' up the sky yeah  
Crazy horses all got riders and they're you and I  
Crazy Horses  
Crazy Horses  
Crazy Horses  
Crazy Horses  
Never stop and they never die  
They just keep on puffin' how the multiply  
Crazy horses will they never halt  
If they keep on movin' then it's all our fault  
What a show...  
So take a good look around  
See what they've done  
What they've done...  
Crazy Horses...
