

Donots, Life Ain't Gonna Wait

Dont be too late
Lifes too short to waste away
Dont sit and wait
Cause nothing gold can stay
Its hit or miss
So take what you can get
Catch your breath
Before they want it back

Life aint gonna wait for you
No matter what youre gonna do

So youre here today
But youll be gone tomorrow
Play or be played
Only the stupid follow

Life aint gonna wait for you
No matter what youre gonna do
Stop complaining, hesitating and find the truth for you
Cause life aint gonna wait for you

Nothing gold can stay
Lifes too short to waste away
Said nothing gold can stay
This lifes too short to waste
Away

Dont sit, dont wait
Dont be too late
Dont sit, dont wait
Dont be, dont be, dont be...
(Too late)

Life aint gonna wait for you
No matter what youre gonna do
Stop complaining, hesitating and find the truth for you
Cause life aint gonna wait for you
Dont give in, step right in, do what you gotta do
This life aint gonna wait for you, alright

Dont sit, dont wait
Dont be too late
Dont sit, dont wait
Dont be
