

Donots, Outshine The World

I'm gonna take my chance
I've got to take a stand
Outshine the world
Outshine the world

They called me wannabe
And they used to pick on me
But this time their laughter doesn't fit the joke
Well, i have set my goals
When i've seen them sell their souls
And this time their laughter doesn't fit the joke

I know it's all inside of me
I am the energy, yeah

I'm gonna take my chance
You know i can achieve it
I've got to take a stand
Yeah, today i will
Outshine the world
Outshine the world
I'm gonna take my chance
The one i've always been awaiting
I've got to take a stand
Yeah, today i will
Outshine the world
Outshine the world

They say the winner takes it all
And the loser takes the fall
Well, this time they're not gonna take me in, no!
Cause i've got what it takes
And i am playing for high stakes
You know, this time i'm sure to win, yeah

I know it's all inside of me
I am the energy, the energy, yeah

I'm gonna take my chance
You know i can achieve it
I've got to take a stand
Yeah, today i will
Outshine the world
Outshine the world
I'm gonna take my chance
The one i've always been awaiting
I've got to take a stand
Yeah, today i will
Outshine the world
Outshine the world
(The world)

Have my say
Here to stay
Yeah, today i will
Outshine the world
Outshine the world

I'm gonna take my chance
You know i can achieve it
I've got to take a stand
Yeah, yeah, today i will
Outshine the world
Outshine the world

I'm gonna take my chance
I'm gonna take my chances
I've got to take a stand
Say yeah, today i will
Outshine the world
Outshine the world
(The world)

Yeah!
