

# Donovan, Appearances

Can't get this shake together with the rock  
Movin' her body before she can walk  
People say you get nowhere till you talk  
But you feel and you hurt and you love  
But you feel and you hurt and you love.

You got the legs to strut it on down.  
Parade your pretty self into town  
Won't be too long now and you'll get around.  
For to feel and to hurt and to love  
For to feel and to hurt and to love.

Don't let APPEARENCES fool you  
Life's not what the rule book tells.  
Don't let APPEARENCES fool you  
Feel the vibes as well.  
Feel the vibes as well.

Now you're a woman you use it well.  
Shakin' your pills at the wedding bells.  
People say you get nowhere till you smell.  
But you feel and you hurt and you love  
Yes you feel and you hurt and you love.

Don't let APPEARENCES fool you  
Life's not what the rule book tells.  
Don't let APPEARENCES fool you  
Life's not what the rule book tells.
