

# Donovan, Sun

Sun, the earth is turning  
it's turning round  
and love is the access  
but they chop the tree down  
all the proud trees are standing  
as green as the sky  
as green as the greenstone  
that makes seabirds fly

ovens area baking  
and the rivers run dry  
as dry as the ocean  
on wings of a fly  
go if you're able  
and come if you can  
life's very unstable  
it's built upon sand

marianne set the table  
an old friend I see  
marianne fetch the papers  
there's two for tea
