

# Donovan, The Clear-Browed One

From the album sutras

The clear-browed one  
approaching o'er the water  
soft the silver hues of purple  
inward gazing  
where the ripple on the lake  
The clear-browed one  
The clear-browed one  
The pure clear girl  
awaiting in the chamber  
sad the longing  
patient waiting  
Trusting fully  
hard the jeering in the hall  
The pure clear girl  
The pure clear girl  
The gentle hand  
light descending  
melody slow soft ascending  
Deep within  
calm reflection on the one  
The gentle hand  
The pure clear girl  
The clear-browed one
