

Donovan, You're Gonna Need Somebody On Your

From the album catch the wind

The wine's just fine.
You're gonna need somebody when I'm gone,
You're gonna need somebody when I'm gone.
Hmm, hmm, your eyes are black as midnight,
Death comes trippin' and a-runnin',
You gonna need somebody on your bond.
You're gonna miss somebody when I'm gone,
You're gonna miss somebody when I'm gone.
Hmm, you're gonna wake up tryin',
You're gonna wake up cryin',
You're gonna miss somebody when I'm gone.
I don't just see-ee the rising sun,
I don't just see-ee the rising sun.
An' I'm gonna wake up in the mornin'
My eyes all stargazed.
You're gonna need somebody one of these days.
You're gonna need somebody when I'm gone,
You're gonna need somebody when I'm gone.
Well, you wake up in the mornin',
An' death comes trippin' and a-runnin',
You gonna need somebody when I'm gone.
