Dontae, Suicide

Wohoww, woohoww, wohoww

I never meant for you to leave & amp; go far away (no)

And I hate that I caused you so much pain

I'm hurting now

Everywhere I go, I'm facing dark clouds

Barely holding on, I'm fading out

I pushed love far away

It has travelled further than I can go

I committed suicide

Ever since she left me it feels like my life is reckless out of control

I committed suicide

I'm cursed without a conscience & amp; I'm dying cause my guardian angel is gone (cold?)

I've committed suic

I don't know, I don't know

I've committed suic (whow)

I don't know, I don't know

I've committed suic (whoow)

I don't know, I don't know

I've committed suicide (whow)

Committed suicide (whooow)

I just jumped off a bridge

And lost the better half of me (whow, yeah)

Turned my back on love

And I feel like a bird without a wing (oohw)

Oh, I'm hurting now

Wish I could go back & amp; slow time down

I would turn that frown into a smile

I wish I could show you how much I've changed

I'd do anything to get it back

I committed suicide

Ever since she left me it feels like my life is reckless out of control

I committed suicide

I'm cursed without a conscience & amp; I'm dying cause my guardian angel is gone (cold?)

I've committed suic

I don't know, I don't know

I've committed suic (whow)

I don't know, I don't know

I've committed suic (whoow)

I don't know, I don't know

I've committed suicide (whow)

Committed suicide

I regret the day she left me behind

Why did I waste our precious time

How can I betray the gift that God has given me (oh no)

I committed suicide

Ever since she left me it feels like my life is reckless out of control

I committed suicide

I'm cursed without a conscience & amp; it feels like my quardian angel is gone

I've committed suic

I don't know, I don't know

I've committed suic (whow)

I don't know, I don't know

I've committed suic (whoow)

I don't know, I don't know

I've committed suicide (whow)

Committed suicide (whow)

I regret the day she left me behind

Why did I waste our precious time

How can I betray the gift that God has given me
