

Doomsday Refreshment Committee, Robotic Thrust

Drive it deep
Heavy breathing
Holding back never more
Pull out Push in
Choke hold and no more teasing
From your back to your knees
Serve it up I aim to please
Head back Eyes wide
I will turn your world upside down

Taste sweet
Sweet like candy
You keep me begging for more
Push in Pull out
Nail your ass to the floor
Taste the lust Taste the sin
Spread wide I shove it in
Head back Eyes wide
I will turn your world upside down

Drive it deep
Heavy breathing
You keep me begging for more
Taste the lust Taste the sin
Spread wide I shove it in
From you back to your knees
Serve it up I aim to please
Head back Eyes wide
I will turn your world upside down
