

Dopamine, Alex Kidd

State your claims
Do you have to abuse my convictions?
Starve yourself they said it helps
Wear me down

Spend a fortune going where
Take forever to get there
Sometimes your near

People change
Does that excuse your commitment?
Advise me now that all i want answers wrong
Spend a fortune going where

Take forever to get there
Sometimes your near
Sometimes your far

Do you have to abuse myself?
Do you have to wear me down?
