

# Dope, Falling Away

The more things change  
The more things change  
Ain't it funny how  
Ain't it, ain't it funny how  
Apparently everything is the same  
Ain't it funny how  
Ain't it, ain't it funny how  
I think I'm waking up or I'm about to be  
I think I'm waking up, wake, wake, waking up  
And now I'm breaking up or so I ought to be  
I think I'm breaking up, break, break, breaking up  
Let it go

Chorus:  
I'm falling away from my world of destruction  
I'm falling away from the pain  
I'm falling away from my world of destruction  
I'm falling away from the pain

Ain't it funny how  
Ain't it, ain't it funny how  
The more things change  
The more things change  
Ain't it funny how  
Ain't it, ain't it funny how  
I think it's shaping up or it's about to be  
I think it's shaping up, shape, shape, shaping up  
And now it's breaking up or gonna set me free  
I think I'm breaking up, break, break, breaking up  
Breaking up!

I'm falling away from my world of destruction  
I'm falling away from the pain  
I'm falling away from my world of destruction  
I'm falling away from the pain

We all(Fall down!)  
We all(Fall down!)  
We all(Fall down!)  
We all(Fall down!, down!, down!, down!, down!)

I'm falling away(Down, Down, Down)  
Ain't funny how, ain't, aint' funny how(Down, Down, Down)  
I'm falling away(Down, Down, Down)  
Ain't funny how, ain't, aint' funny how

Chorus:  
I'm falling away from my world of destruction  
I'm falling away from the pain  
I'm falling away from my world of destruction  
I'm falling away from the pain  
I'm falling away from my world of destruction  
I'm falling away from the pain  
I'm falling away from my world of destruction  
I'm falling away from the pain
