

# Dope, I Wish I Was The President

It's the end of the month I gotta pay the rent  
I wish I was the President  
It's the end of the month and all my money i spent  
I wish I was the President

I'd have a big white house with a yard and a fence  
So I could keep all the terrorists out  
I'd be the king of the world I would lie and deny  
And get high with little honor role girls

I wish I was the President  
It's the end of the month and what a year so far  
I wish I was the President  
Every end of the month I buy a brand new car

And drive it straight to the strip bar  
Where I'd be drinkin for free  
And have a bunch of naked bitches yellin fuck the poilce with me  
Snortin shit up my nose  
With the flag in my hand here my national anthem goes

I'd make every day a holiday  
I wish I was the President  
A mandatory raise for the underpaid  
I wish I was the President

It's the end of the month another one down the drain  
I'd have a boat and a maid and my own jet plane  
And I would still complain  
I'd do whatever I please  
And take a trip around the world dropping bombs on our enemies  
I'd smoke the dopest cigars drive a muscle car  
And fuck11 differnt porno stars  
I'd live a hell of a life I would never pay taxes  
And I'd barely have to see my wife

I'd make every day a holiday  
I wish I was the President  
A mandatory raise for the underpaid  
I wish I was the President

Stop your whining cause your bitchin naggings killing me  
Stop your crying cause your driving me crazy  
Goddammit do you have to complain  
Don't you think I'm tired of the same ole same ole thing

I wish I was the President
