

Dope, No Respect

I'm so sick of your bullshit
I'm so tired of your lies
I'm so done with your narcissistic
[?]
So I came to destroy you
And I'm taking my time
'Cause it's feeding my own sadistic
Psychocynical crime

You'll get what you deserve
And in the end you'll burn

You give no, get no, got no respect
You're a sick fuck, parasite, cast-out, reject
You'll sink to the bottom of the world son
You've got no one to blame [?]
Give no, get no, got no respect
You ain't got no respect

I'm not trying to forgive
I'm not leading the blind
So go and choke on your narcissistic
Egocentric pride
I don't need to destroy you
'Cause you've done that just fine
But you're feeding my own sadistic
Psychocynical crime

You'll get what you deserve
And in the end you'll learn

You give no, get no, got no respect
You're a sick fuck, parasite, cast-out, reject
You'll sink to the bottom of the world son
You've got no one to blame [?]
Give no, get no, got no respect
You ain't got no respect

No respect
No respect
No respect
You ain't got no respect

You'll get what you deserve
And in the end you'll burn

You give no, get no, got no respect
You're a sick fuck, parasite, cast-out, reject
You'll sink to the bottom of the world son
You've got no one to blame [?]
Give no, get no, got no respect
You ain't got no respect

No respect
No respect
No respect
You ain't got no respect

Yeah
