

Dope, Paranoia

You say I'm paranoid
Isn't that what you said
You say it's my imagination
And I'm fucked in the head

P-P-P-Paranoid
And it's easy to see
Well is it really paranoia
Or is somebody after me

Is this going down... down

Or is it
Para-fuckin-noia driving me insane
Para-fuckin-noia ripping up my brain
Is it para-fuckin-noia making believe
It's either para-fuckin-noia
Or somebody's after me

P-P-P-Paranoid
And don't believe what you hear
You say I'm miscommunicated
And it's all in the clear

Like a polaroid
And its so easy to see
Well is it really paranoia
Or is somebody after me

Am I freaking out... out
Is this going down... down
