

# Dope, Paranoia

You say I'm paranoid  
Isn't that what you said  
You say it's my imagination  
And I'm fucked in the head

P-P-P-Paranoid  
And it's easy to see  
Well is it really paranoia  
Or is somebody after me

Is this going down... down

Or is it  
Para-fuckin-noia driving me insane  
Para-fuckin-noia ripping up my brain  
Is it para-fuckin-noia making believe  
It's either para-fuckin-noia  
Or somebody's after me

P-P-P-Paranoid  
And don't believe what you hear  
You say I'm miscommunicated  
And it's all in the clear

Like a polaroid  
And its so easy to see  
Well is it really paranoia  
Or is somebody after me

Am I freaking out... out  
Is this going down... down
