

Dope, People Are People

Can't you understand
What makes a man
Hate another man
Help me understand

People are people
So why should it be
That you and I should get along awfully
People are people
So why should it be
That you and I should get along awfully

So now theres differents colors
And theres differents breeds
And different people
Have different needs
It's obvious you hate me
Though I've done nothing wrong
I've never even met you
So what I could I have done

Can't you understand
What makes a man
Hate another man
Help me understand

People are people
So why should it be
That you and I should get along awfully
People are people
So why should it be
That you and I should get along awfully

So now you're punching
And you're kicking
And you're screaming at me
You're relying on my common decency
I know it hasn't surfaced
But I'm sure it exists
It just takes a while to travel
From my head to my fist (Boom)

Can't you understand
What makes a man
Hate another man
Help me understand

People are people
So why should it be
That you and I should get along awfully
People are people
So why should it be
That you and I should get along awfully

Can't you understand
What makes a man
Hate another man
Help me understand
Can't you understand
What makes a man
Hate another man
Help me understand

People are people

So why should it be
That you and I should get along awfully
People are people
So why should it be
That you and I should get along awfully

People are people
Why should it be that we get along so awfully
(Cant you understand) why should it be
Cant we get along cause people are people
(Cant you understand) Why should it be
Cant we get along cause people are people
(Cant you understand) Why should it be
Cant we get along cause people are people
