

Dope, With Or Without You

I'll do my time and I won't argue
A broken glass a portrait of you
I play on keys of barely in tune
Forget the reasons I won't resume
It's not me who wanted fame I just needed to....

I cash my life and lost my ID
apathy is all I see
leave the numbers all behind me
you are all I've got inside me
I don't need to be engaged I just need to rearrange

(Chorus)
I can't see you anymore
I can't leave right out the door
after all that we've been through
I can't be with or without you

you've finally made it on TV
it's not the way you hoped it'd be
and all of the insanity
was this ever meant to be
and I don't think that I am thee
one that you keep telling me
Chorus

it's tearing us up
and it's breaking me down
all I'll be I'll be
with or without you
chorus
