

Doro, Burn It Up (Bird Of Fire)

A heartbeat like thunder
Burning down under
Ready to fly into the great sky
When the flames getting higher
You're feeling the fire
You know it's our turn
We're ready to burn

Burn it up
Bird of fire
Come on and set this place on fire
Burn it up
It will take you higher
Feel the heat and feel the fire

A body of iron
Hits harder than lightning
He's got a sharp sense
That's his best defense
He's a natural born leader
Fast as a cheetah
He's ready to win
Come on let's begin
