

# Doro Pesch, Creep Into My Brain

Laying low on money  
And I'm on the run  
Don't know anybody  
I can lean on

No help in sight no  
And no one gets the phone  
I call for help  
And no one knows what's going on

Chorus:  
And I keep on running  
Cause eye to eye  
I feel your influence  
And I fear I'm gonna die  
And I've seen it coming lie by lie  
I feel you creep into my brain  
And I'm hypnotised  
Feel like I'm hypnotised

When I met my lover  
I must have been blind  
I went straight to the gutter  
And I don't mind

Yeah it took a long time  
To open up my eyes  
But in the long run  
All I heard were only lies

Chorus:

Eye to eye  
Lie by lie  
Feel like hypnotised
