

Doro Pesch, You Ain't Lived (Till You're Loved To

Well you've watched the sun set on the seven seas
dined in the company of killers and queens
you think there isn't much that you haven't done
you've tasted everything that can turn you on
but there's an innocence in your eyes
another magic that you haven't tried

You ain't lived till you're loved to death
you ain't lived till you're loved
believe me baby, there is so much left
you ain't lived till you're loved - to death

When I'm close to you baby, yeah I can tell
you've never been to heaven
cause you're scared of hell
and think you know love, but it's all in vain
you've never felt the passion if you feared the pain
knocked on the door, but you never walked in
well let me take you places that you've never been

You ain't lived till you're loved to death
you ain't lived till you're loved
believe me baby, there is so much left
you ain't lived till you're loved - to death

Ooh there's a whole new world
here inside my heart for you
baby let me take you there

You ain't lived till you're loved to death
you ain't lived till you're loved
believe me baby, there is so much love
you ain't lived till you're loved

You ain't lived till you're loved to death
you ain't lived till you're loved
believe me baby, there is so much left
you ain't lived till you're loved to death

Let me love you
let me love you to death
believe me baby there is so much love
you ain't lived till you're loved to death
