

Doro, Rock Before You Bleed

We all love
We all breathe
We all feel the rising heat

Times are changing & Our life goes on
And we need to be strong
Yeah we need to be strong

[Chorus]
We will rock
Before we bleed
We will rock to be free
We will rock
It all we need
We will rock
Before we bleed
We will rock
Before we bleed

We hear the thunder
Yeah life is cruel
Who knows what will change
But it'll be ok
It'll be all right
We're all here tonight
And we'll live it up all night

[Chorus]
We will rock
Before we bleed
We will rock to be free
We will rock
It all we need
We will rock
Before we bleed
We will rock
Before we bleed
We will rock
We will rock
We will rock on
We will rock
We will rock
Before we bleed
We will rock
We will rock
We will rock on
We will rock
We will rock on
