

Doro, Time For Justice

I see a future full of lies
And everyone will pay the price tomorrow
Oh no
It's never right and much too late
To know the truth is all it takes for changes
Oh yeah
Don't wanna live in hell
This is our fate
Yeah, you know it well
It's time for justice
Time for a new law
Time to face justice
Better times for us all
It's time for justice
I still believe it's up to me
To wake you up and make you see
You've gotta stand up to be free
The price you pay was high enough
Oh, help us God, get strong and tough
There's a reason that we all bleed
Don't wanna live in hell
This is my fate
My rebel yell
It's time for justice
Time for a new law
Time to face justice
Better times for us all
It's time for justice
...
