

# Doro Und Warlock, Youre My Family

Everyone hurts, everyone bleeds  
With all this pain right underneath  
All we need is holding on  
We got the key  
To carry on  
'Cause you are

"Chorus"  
You're my family  
You're my destiny  
The only ones  
The only ones I want  
You mean more to me  
More than life can be  
The only ones  
The only ones I love  
We're united in our hearts

The world is turning cold and dark  
Our lives so wounded  
Full of scars  
And when I'm out here on my own  
I don't have to face it all alone  
'Cause I know
