

# Doro & Warlock, Bis Auf's Blut

Beyond the trees  
Natures reign is ending  
Children unattended  
fleeze  
Beyond the trees  
The world is so much colder  
dreams turn into soldiers  
and bleed  
The earth is turning  
Kings are burning  
The missions down  
to the ground  
as time passes  
cold bastards  
frighten me  
beyond the trees  
Beyond the trees  
Beauty's lost in boundary  
insanity surrounds me  
here  
Beyond the trees  
If there is disaster  
Is there something after  
for me  
The earth is turning  
Kings are burning  
The missions down  
to the ground  
as time passes  
cold bastards  
frighten me  
beyond the trees
