

# Doro & Warlock, Mission Of Mercy

Some chose to remember  
Some choose to forget  
Some fall to pieces  
when they lose their heads  
I choose to get lucky  
Don't choose to regret  
I'll take my chances  
Only i know best  
When it all gets down to me  
When it all gets down to me  
(Cause) I Am, What I Am  
and no one's gonna tell me where or when  
'Cause I Am, What I Am  
and no one's gonna break me down again  
I hate to be lonely  
I can't pretend  
Don't need no phonies  
tryin' to be my friends  
Don't care about danger  
lean take the fall  
Everyones a stranger  
'till just one stands tall  
And it all comes down on me  
When it all comes down tome  
(Cause) I Am, What I Am  
and nobody's gonna tell me where or when  
'Cause I Am, What I Am  
nothin's gonna break me down again  
I can hear the devil callin', callin'  
I can hear him callin' me  
But I don't do nothin'  
I don't believe  
-SOLO-  
When it all comes down to me  
When it all gets down to me  
(Cause) I Am, What I Am  
and nobody's gonna tell me where or when  
'Cause I Am, What I Am  
nothin's gonna break me down again  
nothin's gonna break me down - again
