

Doro & Warlock, Mission Of Mercy

Some chose to remember
Some choose to forget
Some fall to pieces
when they lose their heads
I choose to get lucky
Don't choose to regret
I'll take my chances
Only i know best
When it all gets down to me
When it all gets down to me
(Cause) I Am, What I Am
and no one's gonna tell me where or when
'Cause I Am, What I Am
and no one's gonna break me down again
I hate to be lonely
I can't pretend
Don't need no phonies
tryin' to be my friends
Don't care about danger
lean take the fall
Everyones a stranger
'till just one stands tall
And it all comes down on me
When it all comes down tome
(Cause) I Am, What I Am
and nobody's gonna tell me where or when
'Cause I Am, What I Am
nothin's gonna break me down again
I can hear the devil callin', callin'
I can hear him callin' me
But I don't do nothin'
I don't believe
-SOLO-
When it all comes down to me
When it all gets down to me
(Cause) I Am, What I Am
and nobody's gonna tell me where or when
'Cause I Am, What I Am
nothin's gonna break me down again
nothin's gonna break me down - again
