

Dottie West, Baby I Tried

I tried to love you holding you everything I know to do
Baby I tried I can't love you like I used to
I tried kissing you missing you anything but hurting you
Oh baby I tried just can't love you the way I used to
You know I've been your woman I've given you all of me
I explain how my feelings have changed all I can say is I'm sorry
Yes I believe in you believe in you can find somebody to
To love you and really love you baby I tried
