

Dottie West, I'm Grateful

When I look up at the heavens when day is through
Once again there's a good day I'll hold to you
With the world to watch over still you watch me too I'm grateful grateful
When I sit at my table I say a prayer
Bout the good things upon it that you put there
And my loved ones around it not empty chair I'm grateful Lord to Thee
You have brought me good times you have brought me bad times
But through the good and bad times you always send me a song to sing
When I lie on my pillow I say a prayer
For the blessings you send me and load and care
And the world full of sunshine and my help is there I'm grateful grateful Lord to Thee
