

# Dottie West, Makin' Memories

Makin' mem'ries to last the lifetime a lifetime I'll be living without you  
It feels so good to be in your arms tonight  
And to think it's the last time don't seem right  
But let's be happy to the end as parting sweet sorrow begins  
Makin' mem'ries to last the lifetime countin' every minute left with you  
Makin' mem'ries to last the lifetime a lifetime I'll be living without you  
So hold me forever tonight and kiss me a thousand goodbyes  
And don't let sadness cross my mind but leave happy mem'ries behind  
Makin' mem'ries to last the lifetime I'm lovin' every minute left with you  
Makin' mem'ries to last the lifetime a lifetime I'll be living without you
