

# Dottie West, Together Again

Together again my tears have stopped falling  
The long lonely nights are now at an end  
The key to my heart you hold in your hand  
And nothing else matters now we're together again  
Together again the grey skies're gone  
And you're back in my arms right where you belong  
All the love that I knew is living again  
And nothing else matters now we're together again  
No nothing else matters now we're together again
