Dottie West, Wish I Didn't Love You Anymore

Wish I could stop these tears I wish I didn't care wish I didn't love you anymore Wish I could be set free from all your memories wish I didn't love you anymore But if wishing really made it so I'd have the different wish I know I'd wish you still love me just like you did before But that wish can't come true so all that I can do is wish I didn't love you anymore Wish I could just forget that we had ever met wish I didn't love you anymore How I wish I didn't love you anymore
